CHRISTMAS PARTY DEC 3RD

The Anchorage Amateur Radio Club's 1993 Christmas Party will 4th at 7PM in the Atwood Center Cafeteria on the Alaska Pacific University Campus. Setup begins at 6:30PM

the monthly meetings in the Carr-Gottstein Building.

Our Christmas Party dinner is being catered by the University, however, Novices and NC Techs please bring salads or veggies. HF Techs and Generals should bring a Hot Dish. Advanced are to bring Hors d'oeuvres and Extras are to bring dessert.

KL7AUS will be there with gifts for children aged 12 and younger.

THERE WILL BE NO BUSINESS CONDUCTED AT THE DECEMBER MEETING!

The cafeteria is located on the second floor of the West (or Center) of the three buildings in the Atwood Center. The Center is the building complex at the north end of the parking lot we use for

AARC Honored At Denali Society Dinner

The AARC was honored at the Denali Society Dinner on November 11th for contributing \$25,000 this year to the APU scholarship. We will present a check for another \$15,000 on December 8th at 6:30PM on the second floor of Grant Hall when an art studio is named for the club. Those attending the board meeting that night are invited to attend the presentation.

APU President F. Thomas Trotter gave the following remarks as part of his speech at the dinner.

There are many definitions of a university. It is a place where the quest

for knowledge is honored and exercised. it is the community of scholars in which the moral and intellectual ideals of our society are examined and handed on to succeeding generations. Frustrated at the complexity of modern universities, one famous president described the university as a "diversity," and he suggested it was a collection of departments connected by a central heating system.

In my years in higher education, I have come to have a different definition. For me, the university is all of these preliminary definitions, but there is one
(Continued on Page Two)

T'was The Night Before Contest

*T'was the night before Contest
and all through the house,
not a keyboard was stirring,
not even a mouse.*

*The antennas hung by their masts in despair
with hopes that big signals soon would be there.
And the op's were nestled all snug in their beds,
while visions of DX danced in their heads.*

*Then at 00:00 UTC there rose such a clatter!
I sprang from my bed to see what was the matter!
And what to my wondering eyes should appear,
but a Jolly Old Fellow - sending code loud and clear!*

*His fingers glowed with experience so rare,
he turned out great code with a brass pounder's flare.
More rapid than bullets, dots and dashes they came,
and he pounded and clicked and called them by name;*

*On Twenty! On Frequency! On Zero Beat!
On Kenwood! On Icom! On QSO's Complete!*

*His eyes glazed over, fingers nimble and lean
from weekends and nights - his CW was mean!
A wink of his eye and a twist of his head
soon gave me to know his score was ahead.*

*He spoke not a word, but went straight to his work
turning carrier into code, then turned with a jerk,
and laying his finger upon the brass key
he smiled and logged another - QSO number 923!*

*The QRM'ers; the dupes, they deleted,
the filters filtered, and the exchanges completed.
He made each contact, and waited for the final bell
with nary a bend, and all had gone well.*

*The contest was finished, the runs were concluded,
the log's last changes were even included.
And he exclaimed with a laugh and a good cheer
"Maybe not this time, but wait 'til next year".*

(Continued From Page One)

essential element that remains to be declared. The university is a family. Like all families, it has a tradition. Like most families, it has its eccentric members who are tolerated and supported. Like healthy families, it provides a context in which individuals will prosper and find their moral and religious and intellectual poise. And, as we hope is true in families, there is a bond of trust and even love that binds all of us together in the university.

This annual recognition of friends and donors is a way we have of affirming that bond. If you will, it is like the holiday gathering of a family to celebrate what it means to be bound together as an important institution. I speak for my colleagues in the faculty and staff of the university when I say to each of you here tonight how

very much we hold you in affection and gratefulness for your friendship. Alaska Pacific University is growing in strength and reputation daily. That growth is confirmation of your trust and confidence in this place. There are three things we are doing here that assure us of a bright future:

First, we are doing what is necessary to increase the academic quality of this university so that our national remoteness will not be an issue for prospective scholars.

Second, we are maintaining our favorable position on cost and price to make matriculation here more attractive in a time of rising prices.

Third, we are directing our recruitment to Alaskan

students with the clear understanding that the private sector has a major role to play in Alaska's future.

We need you, our friends, to continue to believe in what is happening here. Your contributions of gifts, planned giving, identification of students, and service on various committees makes the university work. Without reservation, I ask you to continue--indeed to accelerate-- your support and care.

Finally, as with all things ultimate and important, what we do here is an act of faith. I pledge to each of you the accountability that faith in another requires. One day, not too far off, all of us will be immensely proud to have been associated with this place in this time.

October Treasurer's Report

by John Lawson, NL7NC

The balance in the AARC regular checking account as of 11/10/93 is \$5,221.80. There are additional Accounts Payable of \$134.19. All other bills received through 11/10/93 have been paid.

Gaming proceeds of \$7,700.00 were received from Fred Toliver in October. Fred informed me that due to the changes in gaming regulations, the AARC Boniface Bingo checking account will be closed at year-end.

All four licensees will operate under a single consolidated account under the name of Boniface Bingo, Inc. in 1994. This relieves AARC from considerable liability. The October proceeds were deposited at Smith Barney Shearson in the club account.

A transfer of \$20,000.00 was made from the gaming holding account to the money market checking account at SBS. This will correct an error that was made during the recent account changeovers which caused us to end up with checks with the wrong account number printed on them.

The current value of the holding account is \$4,922.32. The current value of the money market account is \$25,577.13.

At the November general meeting, the membership voted to obligate \$15,000.00 from the club gaming account to fulfill our \$100,000.00 scholarship obligation at APU.

No transactions occurred on the Life Member account during October. The current value of the life member account is \$18,704.85.

Based on a detailed examination of AARC records for the last three years, our CPA has told me that it does not appear that the club was obligated to file IRS Form 990 for these years. The club is liable for these years to file IRS Form 990-T, "Business Income for Non-Profit Corporations".

At this time, it is unclear what, if any, tax liability the club will incur as a result of the 990-T filings.

Nancy is waiting for additional records that have been requested from Smith Barney Shearson to verify deposits made to the club accounts during the periods in question (the SBS statements do not show deposits).

The CPA can complete our work shortly after the records are received. SBS has committed to having the records by the end of this week.

Preliminary work has started on the 1994 AARC budget. At this time; however, it is believed that an accurate budget cannot be completed until the final determination of the club's tax status is known. Hopefully this can be completed prior to the December board meeting.

Respectfully Submitted,
John Lawson, Treasurer

Letters To The Editor

Anchorage Amateur Radio Club

On behalf of the Nenana User's Group, Tim Zook and I would like to express our appreciation to the AARC for the loan of equipment and donation of expertise in support of the Group's project to install a two meter repeater on Nenana Hill. As you know, this repeater will make a major contribution to public safety for travelers and residents throughout a large region south and west of Nenana.

At all stages of the project, the advice and support of Rick and Lillian Marvin, Doug Dickinson and Paul Spatzek have been essential. Their generous contributions of expertise and time in locating, refurbishing, and testing the radio and duplexer have constituted the heart of the project.

Installation of the equipment in the Yutana Barge Lines shack on Nenana Hill is tentatively scheduled for November 20, 1993, and Murphy's Law permitting, the 147.06/66 repeater will then be on the air.

We are very excited by the fact that the

project has reached this stage and grateful for the generous support from the AARC. We will keep the Club informed about our experiences with the installation and operation of the repeater.

Sincerely yours,

Daryl Douthat, WL7EK
Tim Zook, NL7P

Anchorage, AK 995110-1987

Gentlemen-

Alaska is the only state that I need for a WAS on 160 meter CW. If any of your members operate on this band I would very much like to set up a sked sometime this fall or winter season.

Anytime except the week of Thanksgiving as I will be on vacation.

Thank You,

Richard D. Eshelman - WK3I
13400 Piscataway Drive
Fort Washington, Maryland 20744

Dear Mr. Toliver and the Anchorage Amateur Radio Club-

I would like to Thank You for the Scholarships you have made available to Students at Alaska Pacific University. I am one of the fortunate students to receive one of the scholarships. I cannot explain to you how very helpful this will be in helping me finish my education. I am a single mother of a 5 year old little boy and I am also working and trying to finish my degree to give us better opportunities for the future. We appreciate your thoughtfulness for those in need, and the money will be put towards a great cause! Education!

Thank You

Paula Foster

The Anchorage Amateur Radio News Bulletin is the monthly newsletter of the Anchorage Amateur Radio Club. Permission is granted for reproducing articles appearing in the Anchorage Amateur that do not indicate a copyright separate from the Anchorage Amateur Radio Club.

Letters to the Editor and articles for publication should be submitted to Harvey Rookus, NL7DK, 3310 Checkmate Drive, Anchorage 99508. Telephone number (907) 333-4693. Articles and Notices for the paper should be typewritten or on IBM compatible formatted computer disks (5.25 or 3.5 inch). Graphic illustrations for articles are also welcome.

Deadline is the 20th of each month.

AARC Technical Committee Status Report for November 1993

With WL7BF (Paul), and WL7EC (Gil) the "new" GE Voting system has been installed for use with the 146.94 repeater system. At this time the voting system, initially votes, then waits five seconds before re-evaluating the incoming signals.

This may be changed to continuous voting after evaluating operations for a week or so. Installation went fairly well, but Mr. Murphy still is a full voting member of our group.

A high gain, low noise GAs-FET pre-amp has been added to the UHF repeater receiver system, this helps make up the lost gain, of our use of a smaller (less gain) antenna, and the required filters needed to help prevent paging services from locking up the repeater.

Sensitivity of the receiver has been measured at .5 microvolts, which is more than sufficient for UHF repeater operation.

Sometime over the weekend of 6-8 November, the telephone line used by the UHF repeater had a failure. I did manage to get to the mountain Monday (11-8-93) and confirm the problems exists at the telephone company end of the system. (though I was hard pressed to convince the telco trouble department of this fact!).

Repair time Was scheduled for 11-10-93, as they are "too busy to get to you anytime soon".

The remote receiver on Elmendorf AFB has been changed to a sub-tone of 141.3Hz per our earlier briefing. At this time (11-10-1993) the 146.94 system is as follows:

Remote receiver 1 (EAFB)
141.3Hz subtone
Remote receiver 2 (NL7NN's)
100.0Hz subtone

Main receiver 100.0Hz subtone

More sub-tone (ctcss decoders are on order, and when received the main receiver will in addition to the 100.0Hz subtone, also decode 141.3Hz.

This means that users will be able to use either 100.0Hz, and or 141.3Hz for access into the 146.94 repeater system

In addition Remote receiver 1 (EAFB) can be remotely commanded to have an open (noise) squelch system. Allowing users with NO CTCSS (sub-tone) squelch the use of our system.

With prevailing noise however this option is usually not used, though in times of emergency can be remotely commanded quickly.

On the packet side, work continues on the full duplex 9600 baud system that will tie 145.05 into the KL7AA-7 BBS, as well as cross connect 145.05, and 445.05 to the rest of the network. We have coordinated a standard repeater pair of 443.8/448.8 for this system.

Remember this is a 9600 baud AX.25 Packet. NOT a voice system. We will be using a whopping 100 milliwatts at each end of the system, with a expected radiated power of 800 milliwatts.

All other Nodes, Digi's and PBBS operations continue as normal. Some upgrades are planned on the KL7AA-7/8 computer system to handle the huge increase in traffic.

D.Dickinson KL7IKX
AARC Technical Committee

Winter Shortwave Listening Choices

**CBC Radio CKZU 6160 Khz
Vancouver, BC 500 watts.**

Relays CBU 24hours and is easily heard in Alaska from mid-afternoon through the next morning. Use a 40 meter dipole antenna for best results.

Monday through Friday try *As It Happens* 5:30 to 7PM, *Best of Morningside*, 7 to 8PM, *Ideas* 8 to 9PM and *That Time of Night* 9PM till Midnight.

On Saturdays, try for *Basic Black* 9 to 10:35AM followed by *Double Exposure* 10:35 to 11AM and *Quirks N Quarks* 11AM to Noon. And top off Saturday Night with *Saturday Night Blues* at 11PM.

*Happy Holidays To All
From The AARC*

AARC GENERAL MEETINGS are held on the first Friday evening of each month in Room 102 of the Carr-Gottstein Building on the Alaska Pacific University Campus.

The campus is located at 4101 University Drive and Bragaw Streets. Parking is available only in the lot to the northeast of the building.

The meetings begin at 7:00 PM and visitors are always welcome! The AARC legendary raffle is open to everyone.

AARC BOARD MEETINGS are held on the second Wednesday evening of each month in Room 104 of the Carr-Gottstein Building on the APU campus. The meetings begin at 7:00 PM and are open to all club members and visitors.

ANCHORAGE ARES NET

The Anchorage area Amateur Radio Emergency Services net is held each Thursday evening at 8:00 PM on the KL7ION repeater on 147.3 (+.600). Net Control is Lil Marvin, NL7DL and alternate NCS station is KL7IO. The Westlink Amateur Radio report, Swap N Shop and the Parks Net follow the ARES net on the same frequency.

THE KL7AA REPEATERS

sponsored by the club are on 146.94 (at minus .600), 224.94 (-1.600) and 444.7 (+5.000). The two meter repeater located on top of Flattop Mt. requires a 100 hz tone for access.

The satellite receiver located on Government Hill does not require a tone. The 125 cm repeater, also on Flattop Mt. and the 70 cm repeater located at the South Central Radio site do not require tone for access. The repeater trustee is William Reiter, KL7ITI. Doug Dickinson, KL7IKX, is chairman of the VHF/UHF committee.

KL7AA-7 PACKET OPERATIONS

Ports are 145.01 mhz, 147.98 mhz and 445.05 mhz at 1,200 Baud; 7108.5 khz at 300 Baud and 445.11 mhz at 9600 Baud. Remember that 147.98 mhz is normally in use as the Iceworm link to other Alaskan communities and limit use of that port to evening hours.

A landline port is available at 300-9600 Baud, V32.bis compatible; registration is required. Contact Sysop Mel Sauners, AL7PB, at 349-4372 for info, or contact Sysops Doug KL7IKX, Paul WL7BF, Jim NL7C, Merle AL7LD or Bill AL7MM.

FREE LICENSE EXAMS are held on the first Wednesday evening of the month at 6:30PM in the Carr-Gottstein Bldg on the APU campus and on the third Wednesday evening of the month in Eagle River at 7PM in the basement of the VFW Hall.

Exams are also held in the Carr-Gottstein Bldg at 2PM on the second Saturday of each month.

For more information contact VEC Director, Roger Hansen, KL7HFQ at 892-6365.

AARC MEMBERSHIP DUES are

\$20.00 regular, \$25.00 family and \$10.00 student. Dues are due one year from date of last payment. There is a 30 day grace period. Life memberships are available. Contact Lance Dunbar, AL7BK, (H) 337-6297 or (W) 561-5457.

Please remember that the club receives \$2.00 for each ARRL membership renewal and \$5.00 for each new ARRL membership if they are processed through the AARC.

AARC is affiliated with the ARRL.
